

FNG PACKAGING

A LEADER IN THE PACKAGING INDUSTRY

**WITH SIGHTS FIRMLY FIXED
ON THE FUTURE**

About Us and Our Journey

While there are many packaging companies, we decided to go a step further and create products that are sustainable and eco-friendly for the next generation. We are here to understand your unique business needs and to provide consistent packaging solutions to help your business grow.

We understand the importance of packaging for it is the first point of interaction that a consumer has with your brand and first impressions always matter!

Our Product Range

We firmly believe that the 'one size fits all' philosophy does not do any justice when it comes to packaging. This is why we offer a wide selection of packaging materials from eco-friendly to the ones with maximum shelf-life.

Our products are designed with precision and rigorously tested to ensure that they meet the highest quality standards.

In the following pages you will be able to look at our range of products that we offer:

Stand-Up Pouch

Stand-Up Pouches are the most versatile and popular packaging options available. This is due to their suitability for packing a wide range of materials.

Features of Stand-Up Pouches include: Zippers, Tear notch, Hang holes, Rounded corners, Clear window, One-way valves, Gloss or matte finishes & Laser scoring.

Products that use Stand-Up Pouches: Cannabis, Coffee, Confectionary, Frozen Foods, Jerky, Natural & Organics, Nutritional Supplements, Pet Food & Snacks.

Flat Bottom Box Pouch

The flat bottom box pouch is perfect for packing products like coffee, granola, powder, snacks and dried goods, keeping them fresh as can be.

Features of Flat Bottom Box Pouch include: Zippers, Tear notches, Hang holes, Product window, Valves, Gloss or matte finishes & Laser scoring.

Products that use Flat Bottom Box Pouch: Cannabis, Coffee, Confectionary, Frozen Foods, Jerky, Natural & Organics, Nutritional Supplements, Pet Food & Snacks.

Roll Stock

If you are looking for a packaging solution that looks and feels premium, with an equally impressive performance to boot then you must check out Roll Stock. We ensure that your brand and product stands out with our high-quality films and photo-quality digital printing technology.

Prominent features of Roll Stock include: Form/Fill/Seal, Laser Scoring (machine and cross directional, and contour), Micro and Macro Perforations.

The best part, it can be used for any and every kind of product.

Pet Food

We understand the quandary of pet food owners who want their pets to eat well and do well. Premium pet foods require excellent packaging as when they come in contact with oxygen, the food tends to get rancid, spoils the flavour, and causes loss of quality.

FNG's packaging solution ensures that pet food does not come in contact with oxygen ensuring its freshness and quality for prolonged periods and thereby increasing the shelf life.

Cannabis

Our Child-Resistant Bags are perfect for cannabis. Its unique design includes a special press and seal zipper that prevents any moisture or odour from contaminating the contents of the said pack.

These Child-Resistant Bags can also be embossed with pre-printed warning labels and are 100% opaque to keep the content discreet and protected from light degradation.

Corrugated Boxes

With the specific aim of lowering costs for our clients and minimising the environmental impact of the packaging throughout its life cycle, our team at FNG provides customised packaging solutions to exactly meet your needs.

Corrugated Boxes are widely used for tear-open purposes.

Industries that widely use Corrugated Boxes: Food Industry, E-Commerce, Office Supplies & Publishing.

**PACKAGING IS AN ART,
AND WE ARE THE ARTISTS.**

We know what it takes to make the best packaging for your products to help them stand out from the competition.
